Meet Ms. Sonia

HÍ! I'm Ms. *Sonia*

Hello, my name is Sonia J Castillo I am originally from Chuautepec Chih, Mexico. I moved to Colorado back in 1997. I am a proud mother of two beautiful daughters 24 and 18 years old who I deeply love and admire. They make this journey called life easier and happier. In my free time I volunteer for a foundation to help young people At-Risk to receive resources to get on their feet and to be a positive member in their communities. I also like to work out, spend time in the mountains hiking, go for a run and on bike rides.

I began my career in Early Childhood Education in 2004 as an assistant teacher. After graduating the following year, I stepped into the role of lead teacher and soon discovered my true passion for guiding young learners. Since 2009, I have been working as a director, and I can't imagine myself in any other profession — early childhood education is truly where my heart belongs.

My journey as an early childhood teacher began with a simple love for helping children learn and grow. Over the years, I've come to appreciate how powerful those early moments of discovery can be. I believe every child deserves a caring teacher who listens, encourages curiosity, and celebrates every little success along the way.

I am dedicated to helping children build strong foundations for lifelong learning. With a focus on creativity, emotional growth, and hands-on experiences, I aim to create a joyful environment where every child can thrive.

I am truly grateful to be a member of the exceptional TSA team and look forward to creating lasting memories together.

Sincerely,

Ms. Sonia
