Book | "Acts of Desperation"

Place | Frankfurt, Germany

# Meet Ms. Brittney

Hi! I'm Ms. Brittney

I'm a Denver native. I've been working in Childcare for nearly four years. My background consists of toddler care and special needs.

Once I found childcare, I fell in love with it! Being a teacher is truly rewarding. It brings me so much joy seeing these kids light up and embrace the things that I have taught them in the classroom.

My goal is to eventually go to school, receive my barber certification and work with special needs children and the homeless community in helping them feel confident through the simple act of a haircut.

My classroom motto is, "Why be serious, when you can be goofy." They help bring out a different side of me that makes me feel comfortable in my own skin and I want them to feel the same way.

I am excited to meet all of you!

Sincerely,

Ms. Brittney
