

MEET MS. SANDY

Hi, my name is Sandra Pacheco, but I prefer to go by Ms. Sandy!

I have been working with children for five years and truly love the joy, energy, and happiness they bring each day. I believe every child deserves to be treated with love, kindness, and respect while growing and learning in a safe, nurturing environment.

I am also a proud mom of two wonderful children whom I love with all my heart!

Outside of work, I enjoy going for walks, listening to music, watching movies, and spending quality time with my family.

I am so grateful for the opportunity to be part of The Summit Academy family! I look forward to getting to know everyone, learning from my team, and creating meaningful connections with the children and families!

Season: Spring

Food: Chiles rellenos

Place: The mountains
