Meet Ms. Ruth

Hi! I'm Ms. Ruth

I'm originally from Chihuahua, Mexico and I am passionate about working with children. My background is in Early Childhood Education. I have been working with young children for over eight years, and that's when I began my educational journey by completing courses in Early Childhood Education.

My goal is to grow within this field by continuing to study and to learn from my experiences with the children while in the classroom. I look forward to shaping the minds of young children and caring for your little one.

I am excited to meet all of you!

Sincerely,
Ms. Ruth
