

A Little Bit About Me

During my free time, I enjoy being outside and one with nature. I love going for hikes and exploring the world around me. I also enjoy spending time with my family and loved ones. I like to spend as much time with them as possible in order to establish new and positive relationships. I believe that creating these unique bonds is also essential when being with kids.

Meet Ms. Anja

Hi! I'm Ms. Anja

Hello! My name is Anja Hammer and I am so glad to meet you! I absolutely love working with kids and I am more than grateful to be here at THA.

When working with children, I like getting to know them on a personal level. Finding out their interests, passions, things they like and dislike are all tools that help me to create an environment they feel most comfortable in. I believe that fresh perspectives and new techniques can be beneficial for the aid and development of a child.

Being able to help a child grow and watch their progression over time fills me up with such joy and gratitude. I am so grateful to be a part of this team here at THA. I will forever hold onto the memories created here.

Sincerely,
Ms. Anja
